Education

Hacettepe University — Ankara, Turkey
M.Sc Industrial Engineering — Sep 2024 - Present

TOBB University of Economics and Technology — Ankara, Turkey
B.Sc. Industrial Engineering (GPA: 2.74/4) — Sep 2013 - Apr 2018
Relevant Coursework: Senior Design Project Logistics Optimization, Operation Research, Production Systems and Inventory Control

Experience

Roketsan A.Ş — Ankara, Turkey
Senior Expert Production Planning Engineer — Mar 2023 –Dec 2025

- Led production planning, scheduling, and monitoring activities using ERP/MRP systems, ensuring on-time delivery across multiple programs.
- Coordinated project, procurement, logistics, and production teams to reduce bottlenecks and improve workflow efficiency.
- Performed data analysis and developed Tableau dashboards to support operational decision-making and continuous improvement initiatives.
- Drove process optimization projects integrating MES systems and applying project management methodologies.

FNSS Savunma Sistemleri A.Ş — Ankara, Turkey
Production Planning Engineer — Sep 2018 – Feb 2023

- Published and managed master production schedules for multiple vehicle projects, ensuring delivery targets for time, quantity, and quality.
- Planned and monitored manufacturing and repair work orders for parts, subsystems, and vehicles to optimize resource utilization.
- Improved planning dashboards, capacity projections, and shop-floor monitoring tools; developed station-based assembly tracking systems integrated with MPS.
- Supported lean production and 5S implementations through assembly hall layout and material flow optimization.

Production and Planning Intern — Sep 2017 – Dec 2017

- Assisted the Oman project for assembly line and published welding line survey report.

Türk Traktör ve Ziraat Makineleri A.Ş — Ankara, Turkey
Sales and Operational Planning Intern — Jan 2017 – Apr 2017

- Prepared sales & production report and an order in SAP.
